

SERIES 5

FLITE

Leave the noise behind

Quieter, smoother, safe, more powerful, more responsive and astonishingly efficient, Flite Jet 2 offers our best ever ride. Introducing the pinnacle of eFoil propulsion, design and technology. Meet the 2025 range.

Flite AIR

Buoyant, fun and durable

More affordable without compromises. These easy-going inflatable boards are perfect for sharing with friends and family, launching from a boat or dock and bringing on trips. Progress to AIR PRO for serious fun.

Rigid Inflatable

Fliteboard

Most versatile

Proven as the best all-rounder for any level of experience and riding style. Short, agile and sleek enough for performance rides, with enough volume and stability to support beginners.

Carbon

Fibreglass

Soft Top

PRO

Level up

More agile and responsive than Fliteboard, more forgiving than ULTRA L2. PRO is the ultimate choice for intrepid freestyle and lighter weight riders, as well as those with previous boardsports experience.

Fibreglass

Soft Top

ULTRA L2

Ride the future

The world's lightest production performance eFoil (18.3kg / 40.3lbs) houses the smallest, lowest drag production propulsion system. Combined with a new narrower board shape it blurs the line between eFoil and surf foil.

Carbon

Flite x Marc Newson

Limited edition

Elite carbon construction pushes the boundaries of design, innovation and responsiveness, in an exquisite setup. Enhanced agility combines with optimum stiffness, weight saving and ultra efficient hydrodynamics in an eFoil that is pure design, pure performance.

HMPP Carbon

Flitescooter

Now everyone can fly

Greater balance and stability make it easy for novices to simply step on and go. Removable handlebars offer an evolving way to fly. As your confidence grows, Flitescooter grows with you.

Inflatable + Carbon Core

Why choose Flite?

World's most awarded eFoil

Widest range from beginner to pro

Revolutionary Flite Jet 2 and proven
Flite Prop performance

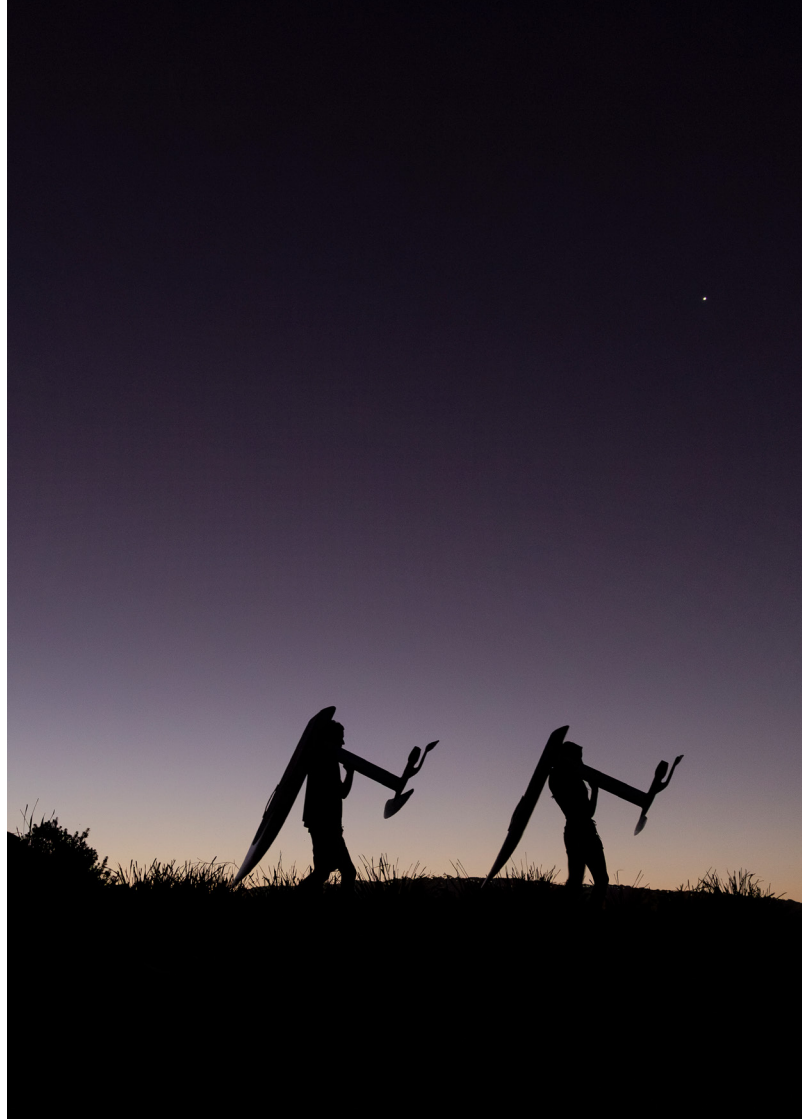

2 year warranty and dedicated global support

Leading safety and durability for schools,
yachts and resorts
